

ENGAGE with PARENT PORTAL

PARENT PORTAL is a free, web-based tool that allows parents to **view their student's grades and attendance online**. Parents can set automatic alerts to be sent to their email or phone when their student is late to class or when a student's grade drops below or rises above a certain threshold predetermined by them.

Parent Portal engages parents in their student's education. Research indicates that **students with highly involved, engaged parents have higher academic achievement** (El Nokali, Bachman, & Votruba-Drzal 2010).*

HOW IT WORKS:

ACCOUNT APPROVAL IS NOT AUTOMATIC. Without the administrator's approval, parent applications remain in 'pending' status and parents are unable to view their student's information.
